

ACTIVITY 16: Re-create trees with kitchen waste

Age: 5 years and above.

Materials: Kitchen waste like onion peel, garlic peel, cucumber peel, cabbage or cauliflower waste, leafy vegetables waste, etc.

Steps:

1. Look around the kitchen and find at least 5 different kitchen waste of different colors. Or tell the adults in your family to keep some for you.
2. Think about the different trees you have seen around you. Do they all have leaves, flowers, and fruits? Are they all same color, size, and shape or different?
3. Pick one tree that you would like to replicate. It could be an existing one or from your imagination.
4. Using the kitchen waste, create trees with details like the roots, trunk, branches, leaves, flowers, etc. on top of your table or floor.

If you found the activity interesting and engaging, please share your experiences on Facebook and Instagram and tag us at @artsparksfoundation.
